Step 6	<p>Open the Equip  app and login using your Equip credentials</p> <p><i>(Note: Your Equip credentials are not the same as your Network Username and Password. Equip Single sign-on is only enabled on desktop but not on mobile devices)</i></p>  <p>User Name <input type="text"/></p> <p>Password <input type="password"/></p> <p><input type="button" value="Login"/> <input type="button" value="Cancel"/></p> <p>App Version : 5.0.19</p>
Step 7	<p>If you don't know your Equip username and/or password, contact MyIT (133 148) to reset your Equip password.</p> <p><i>(Note: Resetting your Equip password will not reset the password you use to log in to your computer. The Equip password is only needed to download the app).</i></p> <p>MyIT will email your temporary password and the link below. You will then be prompted to create your new password.</p> <p>https://erpportal.transport.nsw.gov.au/saml2/idp/sso?saml2sp=gw_fiori_sp&RelayState=fiori</p> <p>Equip Password Rule: Minimum of 8 characters - combination of uppercase, lowercase, number and special character (ie – Welcome\$2)</p> <p>Note: you will need to log onto a desktop /laptop computer connected to the Sydney Trains network to access the above link.</p>
Step 8	<p>Return to your mobile device and tap the Equip (SHEM) app and logon using your new Equip password.</p>
Step 9	<p>You will be prompted to set passcode. Select Disable Passcode from this screen.</p>  <p>Set passcode for Equip. To improve security, using a passcode is highly recommended. The passcode should contain at least 8 characters. Minimum 8 Characters</p> <p><input type="text" value="Set Passcode"/></p> <p><input type="text" value="Confirm Passcode"/></p> <p><input type="checkbox"/> Enable unlock with fingerprint.</p> <p><input type="button" value="OK"/></p> <p><input type="button" value="Disable Passcode"/></p>
